AGELAB

Life Tomorrow

The OMEGA Summit at MIT

- Are you inspired to be a student leader at your school?
- Are you interested in strengthening relationships between **older adults and high school students** in your town?

OMEGA is an initiative created at the MIT AgeLab designed to foster multigenerational connections between high school students and older adults.

We are **seeking student leaders** like you to develop and lead OMEGA chapters at your high school in partnership with organizations that serve older adults. We will be holding a kick-off OMEGA Summit and want you there!

OMEGA

Date: November 2, 2014
Time: 10:00 am – 2:00 pm
Location: MIT Campus
